Examples of widget sizes and campaigns that Care2 has conducted for Sierra Club, Center for Reproductive Rights, NRDC and BRAC, broadcast via Care2's Media Partner Network.

You'll have incredible reach and visibility on Care2's Media Partner Network, where your nonprofit action is extended beyond Care2's own 19 million members to be seen by millions of new potential supporters and donors.

Using our distributed widget, your petition, pledge or other action is circulated throughout our vast partner network: a wide range of high-traffic websites and blogs that are frequented by socially-conscious, civically active people -- your best prospects.

What does this extended reach mean for you? Your organization's brand and message now have greater visibility--reaching **nearly 200 million supporters** and prospective donors. And that's on top of the 19 million Care2 members you are already reaching.

Best of all, participation in Care2's Media Partner Network comes to you at **ZERO COST.**

Care2 is a certified B Corporation

Limit Use of Non-Therapeutic Antibiotics in Food Animals

author: ASPCA
target: U.S. Congress
signatures: 37,093
